

Updating your password in Paragon Desktop

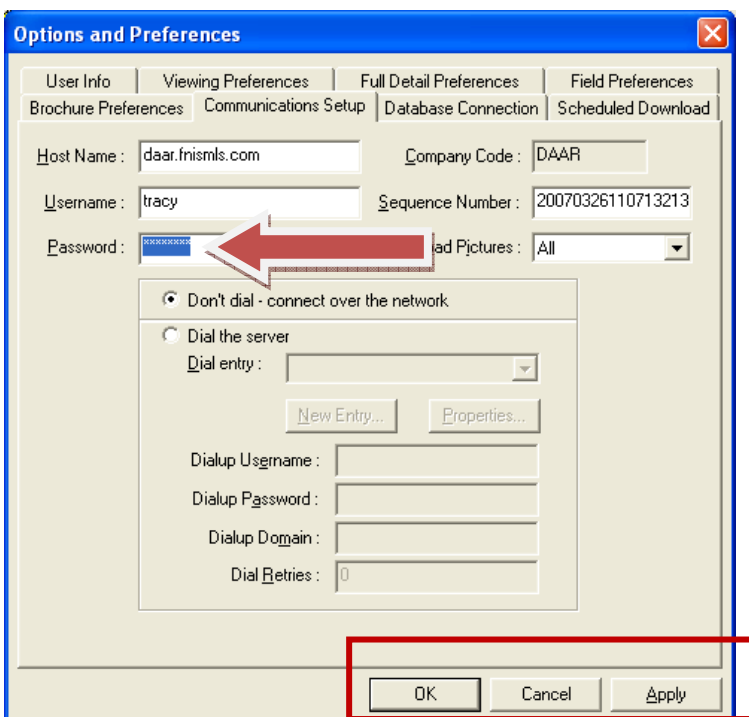

Log into the Paragon Online Program and change your password when prompted.

Log into the Paragon Desktop program using your **old password**.

Once you have logged in, select Preferences and Communications Setup.

This screen will now appear:

Completely remove the old password and type in your new password. Hit **Apply** and **OK** at the bottom of the screen. Download Paragon. The next time you log into the Desktop Program, use your **new password**.

You will need to do this change for all of the databases you have access to – Duluth Area, Minnesota Arrowhead or Superior Area.

Make sure to use the same new password for all of the databases if you want to have the drop down box appear to select the correct MLS.
